Keefe, Bruyette & Woods invites you to the *25th Anniversary of September 11*

KBW 9/11 family members, friends and employees will gather to remember and honor those lost on September 11, 2001.

Please join us at the site of the KBW Memorial plaque within the Central Park Zoo to remember our friends and colleagues during a cocktail and dinner reception.

Everyone is welcome to bring their families. There will be a menu choice for children available.

**Friday, September 11, 2026, at
6:00pm – 10:00pm ET**

This year we are especially honored to share that Katie Ré Scheidt, a former KBW colleague and survivor, has spent the past nine months creating *67 Portraits* — a series of sixty-seven paintings, one honoring each colleague we lost.

Rendered in a warm, sunset palette, the paintings are a tribute to their lives. When seen together, they appear bathed in a warm light. The series will be unveiled at the gathering.
